A full report to follow soon. If any riders have a slightly higher score than expected, its due missing marks. It is best to check on your last lap to ensure you have the requisite number laps recorded by your riding number. It also helps if you have a clear number on the front of your bike so anyone putting marks down can read it. We usually have one of two 'ghost' rider scores on the odd sheet, either due to mud covered numbers, or an urgent need to visit specsavers!
