Thanks to Kevan for acquiring the use of the venue after 40 odd years, and also to him, Tony Errey, Derek and Roger Strudwick for setting out. Everyone seemed to enjoy themselves and only a couple of retirees. Great to enjoy new land and sections with riders achieving many cleans in the dry weather. Several ties sorted by furthest cleans, and Section 9. Good to see Bruce taking on Charlie's 125, and Charlie loving his TRS 250. A great turnout despite a few regulars keeping their powderdry for a competition the following day. Good to have a few visitors too. Thanks to Pat for observing Section 3, happy birthday for Monday. Team trial next Sunday, (see out Facebook page for details) one team in the works, if anyone else is entering and wants to make up another team, get in touch please. They also need observers. Hope to see you next month.
