Only 17 hardy riders turned up for the very wet weather trial at Cow Farm, and 4 of these were the setting out team, who suffered even more hours of downpour! Thanks to Steve Baldock, Alan and Oz Peach and Steve Stretton. Also Peter Collins who was on gate duty to ensure compliance with the landowner's instructions, assisted by Derek Strudwick, Tony Errey and Kevan Cornwall with parking etc. 8 Sections were deemed sufficient with 4 laps enough to contend with and still leave time for clear up Sections one to three were on the banks to the left of the gate and proved the hardest ones due to the inclines and distinct lack of grip on decents, as borne out in the results. Section 4 was also slippery in the far corner but the other 4 seemed to be negotiated fairly well. Bailey Puttock did well on his little Oset and persevered to the end despite the odd scare on the early sections as they got progressively muddier. Thanks to all who helped to clear up and to Steve S for the shelter of his van for signing on. Next month still to be confirmed, watch out on the website or facebook. Don't forget the AGM 7 November, constructive suggestions for our future events. If you cannot attend maybe email any good thoughts!
