Thanks to Steve Stretton, Charlie Cole, Steve Jones and Kevin McCauley for setting out. Kevin's first attempt at this and on the blue and white routes, and he did a great job. Some testing sections for all, no less testing than the rain which continued from start to finish, only abating as everyone was driving off home. A good test for your clothing's waterproofness, or not, as the case may be. The shivering bods, presumably with leaking attire, showed great resilience to complete 5 laps. Good to have some new members riding, and a few visitors. All seemed to enjoy themselves, obviously masochists! Gloria Message on behalf of the setting out crewe. Thanks guys for braving the drive up to the woods in such 'lovely' conditions for February, to join us at a ground in amazing condition for the time of year, and we hope you had a safe journey home. For reasons unknown to us, the bit in the middle was pretty moist, but after 2 laps seemed to make most sections as much, or more, fun. I personally had a top day from 8.00am till leaving, barring an almost bath on Section 7 (photo to prove this shortly) We hope you had fun. The jungle drums say our return to Pilmer was a triumph. Shame some members had mopping up to do after storm Eunice, and had to miss out. Thanks also to the landowner for making access possible. Personally I've had my feet up a bit more today than yesterday at the trial. See you at the next one. Steve Stretton.
